

## **BURN WITH THE SUN**

**I will climb  
The highest mountain  
I could find**

**I will find  
The highest mountain  
I could climb**

**When I reach the top  
I just can't stop  
Close my eyes  
Thinking of you  
Forget all  
Let me fall  
Into you**

**So at last  
I will find  
That I can fly**

**I don't mind  
About the things I've left  
Behind**

**Ride the clouds  
Fly the wind  
Falling with the rain  
At the very last moment  
Finally  
When you don't expect anything**

**I will burn with the sun**
